

A COACH APPROACH 4 SALES LEADERS

Join our coaching workshop designed exclusively for Sales Leaders. Dive into the fundamental principles of coaching with our senior coaches. Acquire the skills to build high-performance teams, achieve your business objectives, and design your sustainable leadership style. This workshop is your gateway to becoming a certified internal coach!

Why Coaching skills?

According to [Forbes Magazine](#), the top skill leaders must master in 2030, is coaching. With the rapidly evolving and increasingly challenging environment, this is especially true for sales leaders in tech. Leaders with professional coach training, are twice as likely to exceed business goals, increase team retention, and create a healthier work-life balance for themselves.

This Workshop is 4 you

- If you are a passionate leader who wants to empower others to be and do their best.
- If you want to shift your management style from telling to asking, alleviate yourself as the go-to person for your team's problems.
- If you want to add a future-proof skill to your toolbox and take the first steps towards becoming a certified coach (by the International Coaching Federation).

Your benefits

-  Learn coaching tools from 25+ years of combined coaching & industry experience
-  Receive feedback on your coaching style in our hands-on practice lab
-  Experience Coaching firsthand in two 1:1 coaching sessions with senior coaches
